Dear Parents/Carers,

We are pleased to inform you that we are now using DoodleMaths, an award-winning Maths programme, with your child's class! You'll find your child's username and password in their planner. It is an app which we would like the children to use every day and takes no more than 10 minutes.

Why DoodleMaths?

- Has been proven to help children make big improvements in both their ability and confidence in maths - using for 10 minutes a day has helped children make 3 months progress in just a month.
- Learns your child's strengths, and what they need to work on, then builds a programme just for them.
- Is fun and engaging!
- It mimics the skills and style of teaching used in class.
- Allows children to keep practising Mathematical concepts even when we have stopped teaching them in class.

It's easy for you to be involved at home by using the Parent Connect app and the Parent Dashboard to track their progress.

Simply follow these steps so that your child is ready to make the most of DoodleMaths:

- Download the DoodleMaths
- Ask your child to sign in, using the details you have been given (remember, it's case sensitive!) - Tap on the Grown Ups section and follow the instructions there to link yourself to your child
- Let your child work through their 5 a day exercise without any help - **encourage them to do it independently.**
- Login to www.parents.doodlemaths.com with your Grown Ups username and password and click on Monitor - Live so you can see how your child is doing as they complete their exercise
-Download the Parent Connect app - you can see a snapshot of what your children are doing.

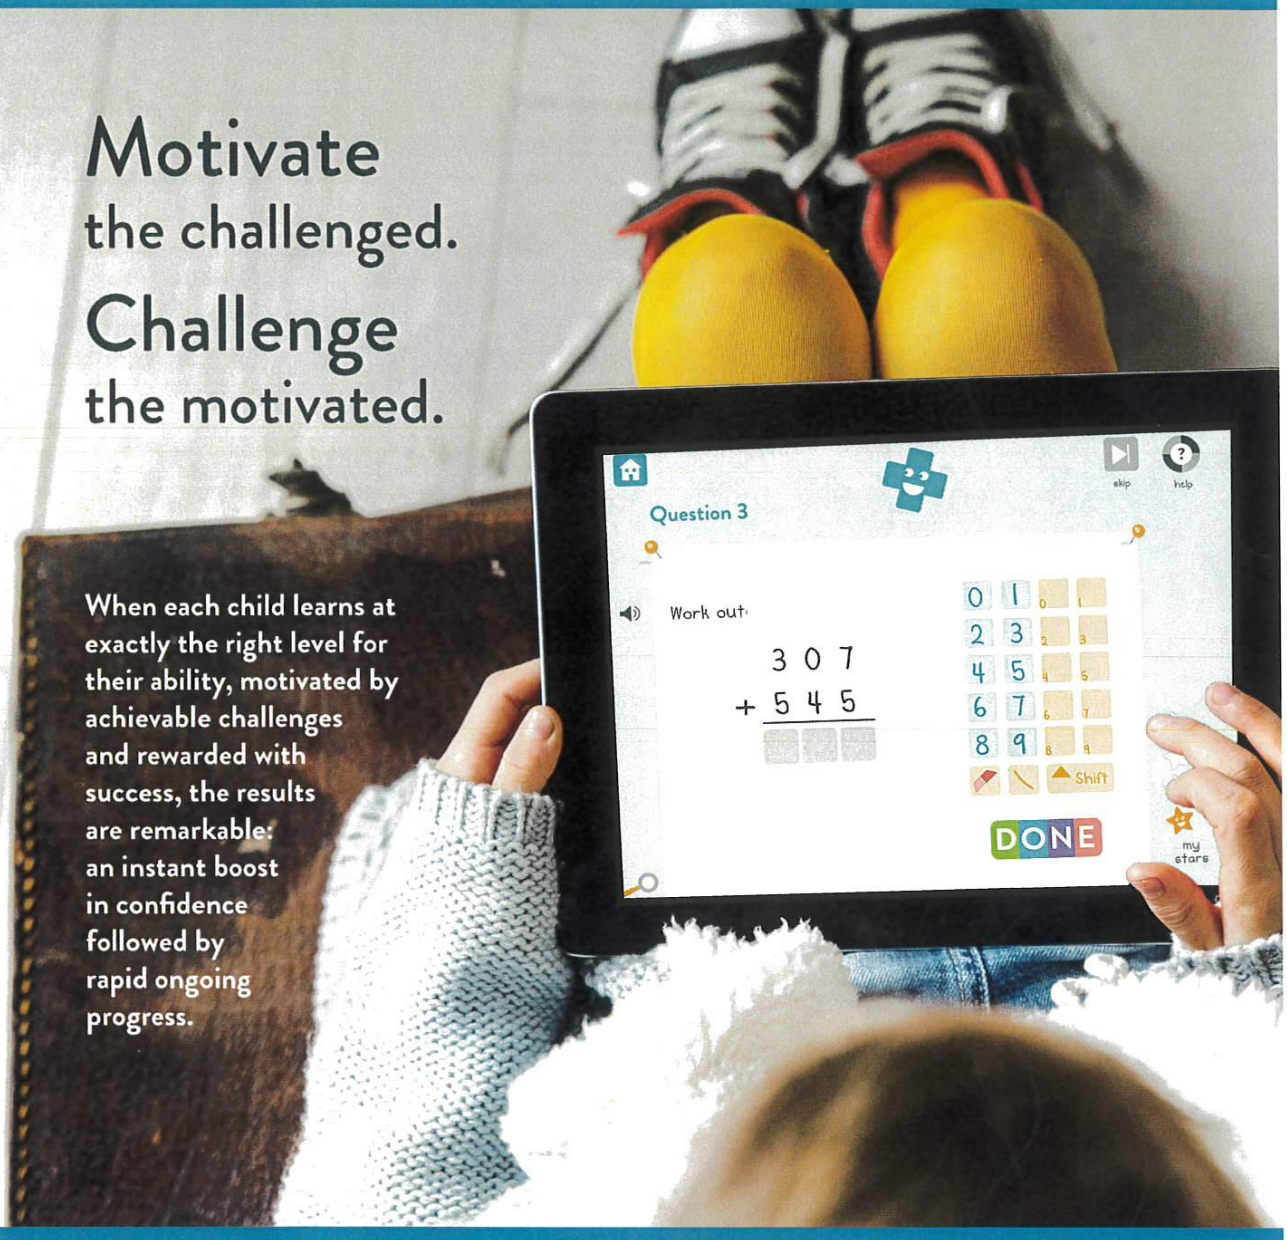
Encourage your child to earn at least 50 DoodleStars a week (or 100+ to catch up or get ahead), and get instant updates through your app.

If you have any questions, or want to know more, please do let us know or take a look at the DoodleMaths FAQ page on their website. I'm sure you will agree this is a worthwhile programme and many thanks to FESA for supporting the school by paying for the subscription for all our children.

Yours Sincerely
Mrs Woodend
Maths Leader & Year 5/6 Teacher

doodlemaths

Motivate
the challenged.
Challenge
the motivated.



When each child learns at exactly the right level for their ability, motivated by achievable challenges and rewarded with success, the results are remarkable: an instant boost in confidence followed by rapid ongoing progress.

'DoodleMaths has been the best thing that has happened in maths for a very long time.'

Alan Bartlett, Key Stage 2 Lead, Canada Hill Primary School
