Dodgeball

Two teams were entered into this year's dodgeball tournament held at South Hunsley and what a fantastic tournament it turned out to be. Mentored by the tactician, Mrs Godfrey, and the enthusiast Mrs Hannah, both teams breezed through the group stages implementing the game plans set out during their PE sessions back at Elloughton. The throwing, dodging and catching on show was of high quality and ensured that no other team would stand in the teams' way, unfortunately at the semi-final stage it was a battle of the two Elloughton giants. A closely fought game entailed with the victors going on to win the whole

tournament in some style. It was an absolute delight to see the children all cheering and supporting each other on, also ensuring they shook every player's hand after each game. The champions now move onto an area final to be held in spring, where winning schools from across Hull and the East Riding will be attendance. Well done to all involved.

Humberside Cup

This year's competition took us on a road trip to our friendly rivals Westfield Primary School located in Cottingham for round 1. A very close game ensued with only the odd goal ever going to separate the two attacking teams. Indeed it was an end to end game with chances flowing for both sides, however the goalkeepers held strong and produced numerous saves. At the final whistle the team from Elloughton emerged victorious and progressed to round 2 but not before showing respect and gratitude to the hosts of the game.

Round 2 took us on an even longer trip away from home as we travelled to Driffield Junior School. The battling qualities were on show from the very first whistle when out of possession and with the ball the team tried to break a very talented Driffield side down by clever play and good ideas. Unfortunately, it just wasn't to be our day and we came away from the game nursing a loss. The children can be so proud of their efforts and attitude to never give up in this year's competition.

EFL Cup

On a very cold and wet Tuesday evening the footballers travelled to Hull University to take on teams from across Hull and the East Riding respectively. After being seeded in a tough looking group with Brough, Wold and Hymers we emerged victorious winning two games and drawing the other despite having the majority of possession and squandering numerous guilt edged chances. A very promising evening overall ensured we won the group and we now move onto the finals to be held at the Airco Arena for a chance to represent Hull City at Rotherham United's New York Stadium in the New Year. It was fantastic to see the children fearlessly playing football as they set out in very tough conditions and continually showing respect to their opponents. Well done to all and thank you parents for your continued support of school sport.
