

Nursery Curriculum News

Welcome back to Nursery and a special welcome to all our new children that have recently started with us this. We hope you have all had a lovely break. We are very excited about the term ahead and are looking forward to seeing the children develop. We are so proud of the progress the children have made within the setting so far. Every day we see so many new achievements.

We have made many changes in the areas of provision, which the children have loved exploring. We have added outfits for doctors, nurses, teachers and fire fighters into the role play area to develop the children's creativity and imagination. We have added pens, chalks, pencils and paper into every area to enhance our early writing skills. We have also begun to make our very own number line to help us develop our counting skills.

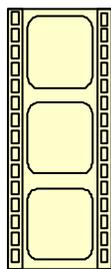

House keeping

Please remember to check your pigeon hole in the cloakroom as this is where you will find important letters and information from the school.

Each child has a their own treasure bag for them to fill with interesting items from home e.g. photos, tickets and mementoes. This bag can be brought into Nursery and the children can share the items with their friends in our show and tell circles. Can we please remind parents these bags are not for toys. If your child would like to bring a toy on their way to Nursery we ask that parents take the toy home with them as they drop their children off. This is to prevent children losing or breaking their toys.

In Nursery we have been exploring different sizes and shapes of objects. If you have any different shaped bottles or containers please bring them in. We would be very grateful.

EYFS Vision

'To empower our children to be independent, well rounded individuals who have a love of learning and seek challenge in everything they do.'

Voluntary Contribution

At snack time, we provide a different selection of foods each day. This allows the children to try several different foods such as seasonal fruit, vegetables, toast, crackers, cheese and fruit loaf.

This term we will be doing a baking activity once each week. Your contribution will go towards buying the ingredients. Your contributions will also go towards enhancing areas of provision and Stay and Play session.

Children have access to milk during snack time and water at all times. We ask parents to make a 20p contribution for each session that your child attends.

We ask that you make your contribution via your Sims login.

Thank you for your support.

Follow Us

Please remember to keep looking on our Twitter feed @ElloughonEYFS

Please post child's learning on Tapestry- we love seeing what they have been doing at home!

Dough Disco

Every day the children enjoys a dough disco session. It would be great if you could try this at home. All you need is a pot of dough and a computer, tablet or ipad Dough Disco is an exercise for your children's fingers that helps develop fine motor skills. It also supports with the development of your child's pencil grip. You can find how to do these sessions on Youtube just type in dough disco and it will be the first one that comes up. Alternatively you can use the link below.

Home Learning Tasks

This term we will be setting home learning tasks. These tasks will be fun learning games that you will be able to do at home. The tasks we set should not take long to do and will be fun activities to do as a family. Do not forget to upload pictures or videos of your children getting involved and having fun.

Christmas Sing Song

Thank you to all the parents/carers that came to the Christmas Sing Song The children were fantastic at remembering all the songs.

We are looking forward to learning our songs for Easter this term.
