Dear Parent/Carer,

EYFS Toothbrushing Programme

In order to support our Early Years children to understand the importance of good oral hygiene we are introducing a toothbrushing programme to our curriculum. This will entail children brushing their teeth in school on a daily basis over the period of the next half term. Children will be provided with their own toothbrush and toothpaste in school and this will be done in addition to children brushing in the mornings and evenings at home.

The children's toothbrushes will be clearly labelled and stored hygienically in school and staff will be responsible for issuing the correct toothbrush to each child. Children will be practising dry brushing in school and will each be given a disposable paper towel in which they can dispose of excess toothpaste; these will be thrown away immediately after use.

If you are happy for your child to take part in the programme, please complete the consent form attached and return to school by Wednesday 9th June 2021.

If you have any questions about the programme, please contact your child's class teacher.

Kind regards

Mrs Brammall
EYFS Lead
