Dear Parents/Carers,

Friendship Survey: EYFS – Year 5

We are currently in the process of planning for the new school year, and we are reviewing the class structure for 2024/25.

As always, the staff spend a great deal of time and care organising the new classes, trying to get a balance of friendship, gender and ability, thinking carefully about which children work well together. We always appreciate parents' support in understanding the rationale for why their child has been placed in a particular class.

In order to help us with creating new classes it would be really helpful if, as a parent you could identify up to three children who your child would consider as a friend as we'd like to ensure your child is with one of these in their new class.

A speedy response would be appreciated so please follow the link <https://forms.gle/VdB6cVvzig67mu749> and complete the short survey by Monday 29th April 2024.

Yours sincerely

Mrs C Fulstow
Headteacher
