

GOVERNOR OF THE MONTH

DECEMBER

Katherine Parsons

Why did I choose to be a governor at Elloughton?

My parents were school governors at my primary and secondary schools, so it is something I was always interested in. With my experience and interest in Education and young people, I wanted to put it to good use.

Although I didn't go to Elloughton, I have always been aware of what a special place it is to learn.

My favourite thing about being a governor is...

Speaking to you, hearing about what you enjoy and what your aspirations are for the future. I

Love coming into school and seeing you all working so hard. I work with young people in Years 12 & 13 at schools and colleges, so I really enjoy learning about what happens at the start of your educational journey.

All about me!

I work at York St John University and have done for 11 years, this is like a big school for adults! You can learn to be a teacher, a police officer or a nurse here, or just learn more about a subject you love, such as History or Art. I have travelled to many different places with my job and met lots of different people, in England and further afield.

I am also a carer for a young adult with special education needs called Lily, she is 23 and I have known her since she was 3 years old. I don't think of myself as her carer though, she is like my best friend. We like going out for hot chocolates and walking around the Marina in Hull, looking at the boats.
