

Governor Profile

Janet Hutson

I first became a Local Authority governor in 2011 and am now co-opted.

My roles on the Governing Body are: Chair of Standards & Achievements Committee
Educational Visits
Geography
SEND

Until 2010 I was a teacher of geography, my last school being South Hunsley and retain contact with my subject through the Geographical Association where I am part of the Physical Geography Special Interest Group. The huge differences between primary and secondary schools never cease to astonish me and I enjoy getting to know how a different phase operates. My interests are dressmaking, food, art history, and, more actively, swimming, going to the gym and gardening.
