18th January 2021

Dear Parents/Carers

The Local Authority are hoping to commence bikeability training in the summer term and have requested for schools to find out how many parents would like their child to take part (assuming we have regained some normality by April). This training is invaluable to children by teaching them to stay safe whilst cycling on the roads. The course will be delivered by qualified instructors from the East Riding Road Safety team. To participate, your child will require a roadworthy bicycle and a correctly fitting cycle helmet.

The training will only go ahead if lockdown is lifted. We will be given two training days between April and July 2021 and we need to know how many children will be taking part. The cost of the course will be £15.50 per child which, if you wish your child to take part, we will invoice you for nearer the time and this will be payable via your SIMs Pay account.

Please read the attached leaflet and confirm if you wish your child to participate by emailing admin@epsch.co.uk by Friday 29th January 2021. If lockdown is lifted, a permission slip will be sent home with your child to complete and return. Please note that we are unable to accept any other form of permission as the East Riding Council requires their own permission slip for insurance purposes.

Yours sincerely

Mrs C Fulstow
