

Sport Team Selection Policy

Summer Term 2024

Purpose

Our PE policy throughout the school is to encourage children to enjoy all aspects of PE, whether it is competitive or creative, individual or team based. This helps them to play or participate in sports and physical activity throughout their lives, which has many benefits both for their health as well as socially.

All pupils receive at least 2 hours per week of quality PE and sport provision as part of the curriculum and experience competitive and non-competitive sport in school, playing many games within lessons and at sports events.

As with other curriculum areas, pupils' attainment and progress is carefully monitored to ensure that the skills of all pupils are developed appropriately. The school perceives inter-school competitive sports as a means of extending experience for pupils that demonstrate the requisite skills and qualities.

As a school we enter many matches, festivals, and tournaments (both competitive and non-competitive) and all staff involved recognise the need to work towards an inclusive approach that enables as many pupils as possible to experience competitive sport within school and where possible represent the school at external events.

Inter-school competitions

We take an active part in the South Hunsley Partnership working with our cluster schools. As part of these arrangements, our school will compete against other schools in a multiple of events within our cluster area. These currently include sports such as football, dodgeball, hockey, rugby and kwik-cricket. Also, we may sometimes participate in other events that involve schools across the East Riding and Hull regions.

Selection and criteria

The criterion varies from fixture to fixture and is hugely dependent on the level of competition, as well as the number of children that we are allowed to take to events. Some competitions that we enter are of a high standard, with the opposition being extremely competent in terms of skill level, knowledge of rules, tactical knowledge, strength and speed.

Selection criteria for team events is based on:

- Level of skills demonstrated
- Level of fitness
- Understanding of games, tactics and rules
- Enthusiasm to learn and improve
- Emotional maturity to cope with the pressure
- Commitment to training and learning
- Performance, effort and behaviour in lessons and practices as a team member
- Attitude of player on and off the field of play
- How the player presents themselves, dress, manners, helpfulness, sportsmanship, etc.
- Performance of the player as a team member
- Understanding of the importance of safety

For all individual competition selection, for example: cross country, athletics and indoor athletics, the pupils are selected from either PE and games lessons or by attending training and trials.

Elloughton Primary School: Policies, Procedures, Codes & Guidance

For some events, teachers may hold before or after school clubs and select a team from those who attend.

Friendly matches

Children who have not had an opportunity to represent the school at competition events will always be prioritised for friendly fixtures. Children who are keen and make the effort to attend clubs/practices will always be prioritised. On some occasions, there may also be times where a friendly fixture is used to prepare a team for a future competition.

Role of parents/carers

We would like to thank parents in advance for supporting us as follows:

If your child is regularly chosen for a team, please help them to understand it is a privilege to represent the school and they should be proud of themselves.

If your child is not chosen, please encourage them to keep trying hard and enjoy the sport; they are still part of the success of their team mates, it is good to develop social skills and is also a good way of keeping fit and healthy.

Parents and children also need to be aware that sometimes other children may be chosen to represent school to allow them to have these experiences as well.

Parents/carers and spectators have a great influence on the children's enjoyment and success in sport. Children play sport first and foremost because they love playing. Elloughton Primary School is dedicated to nurturing that enjoyment and enthusiasm for sport and physical activity and as a foundation for developing skills and tactics for life.

We believe that taking part in a sporting activity contributes to each child's personal development and self-esteem. This is more important to play in the right spirit and in a supportive atmosphere.

In order to achieve this result, we rely heavily on the parents and supporters who attend matches to behave in an appropriate manner, to respect team selection and support all the children in the right way, as established in our Behaviour Policy and, specifically for sport in Appendix A attached.
