9th March 2021

Calling all trainee astrophysicists,

On Tuesday 23rd March, the children in Year 5 and 6 will be taking part in a Virtual Reality Space tour where every child will have the opportunity to feel what it is like to be an astronaut without leaving the classroom!

They will get to see planets and the moon up close, as well as receive expert guidance and have their many questions answered. The company involved guarantee **‘to provide a fully-networked class set of headsets, delivering our own software, CGI and games. This incredible immersive experience truly boosts learning and fact retention.’**

We are truly excited about being able to offer this experience to your child. We ask for a voluntary contribution of £3.50 towards funding this experience which is payable via SIMS Pay by Friday 19th March 2021 please: <https://www.sims-pay.co.uk/Home>.

Many thanks,

Year 5/6 Team
