Dear Parent/Carer,

Year 4 Multiplication Table Check (MTC)

This year your child will be taking the new government Multiplication Tables Check, an assessment which will determine their fluency in recall of all times tables up to 12 x 12. Please see the attached leaflet.

It is an end of Year 4 objective to be able to quickly recall these facts and while the teaching of how times tables work and the understanding of the concepts has been taught in school, it is important and beneficial that your child practise these at home everyday. We have purchased a subscription to Times Tables Rockstars, an online programme that tests their speed and recall of the known facts. They can do this alongside their Doodlemaths as it can literally take a minute or two of their time (or longer if they wish), daily, which will make a big impact on their recall.

Your child will come home with their login details this week and will have been given information about how it works at school. We have also attached information for you to have a read. For further details please click on the link. <https://intercom.help/times-tables-rock-stars/en/articles/3301571-staff-training-game-types-7>

Thank you for your support

Mrs Woodend
Maths Lead
